PREFACE

The "consolidated index of Congressional documents" for the second session of the Sixty-fifth Congress, herewith presented, is the twenty-sixth in the series prepared in the Office of the Superintendent of Documents in compliance with the requirements of the printing law of January 12, 1895.

The reports and documents included in this index number 2227, divided as follows: Senate reports 436 (nos. 178–613); House reports 636 (nos. 202–837); Senate documents 183 (nos. 121–303); House documents 972 (nos. 387–1358, of which no. 1158 is blank).

Serial number 7302 is assigned to the Senate Journal and number 7303 to the House Journal.

Entries in previous numbers of the Document index for publications which had not been printed at the time the index was issued should be changed in the following cases:

Entries for House document 1363, 64th Congress, 1st session, Fisheries Bureau bulletin, v. 35, 1915, should read Fisheries Bureau bulletin, v. 35, 1915–16.

All entries for House document 2134, 64th Congress, 2d session, Report on agricultural experiment stations and cooperative agricultural work in United States, 1916, should be deleted from the index for that session, as the report was issued in two parts, with different titles, as House document 611, 65th Congress, 2d session. Therefore House document number 2134, volume 66, serial 7192, of the 64th Congress, 2d session, will remain blank.

No Army register was issued in 1916 or 1917. Therefore, House document number 2132, volume 17, serial 7143, of the 64th Congress, 2d session, and House document number 1158 of the 65th Congress, 2d session, will remain blank. No volume nor serial number was assigned to House document 1158, as the information was received before the Schedule of volumes for this session was completed. Since 1895, with one exception, the Army registers for the various years have been designated by the year following that in which they were issued, e. g., the Army register for 1916 was issued December 1, 1915. With the register issued December 1, 1918, the date in the title has been made the same as the date of issue. Therefore although no register was issued in 1916 or 1917, the titles show the omission of the register for 1917 only.

JOSIAH H. BRINKER,
Superintendent of Documents.
